AUGUSTUS N. SUMMERS.
Clark County.
Member State Board of Public Works,
GEORGE H. WATKINS.
Pike County.
State Senator,
CALVIN P. GODFREY.
Putnam County.
For Common Pleas Judge,
WILLIAM H. DUNCAN.
Hancock County.

COUNTY TICKET.

Representative,
FRANKLIN P. RIEGLE.
Treasurer,
GEORGE W. FEARNSIDE.
Commissioner,
M. R. GORRILL.
Infirmary Director,
S. B. RINKER.
Coroner,
DR. C. P. JONES.

Canada is to be congratulated on having discovered an enormous bed of anthracite which is not stamped with the Baer trade mark.

Japan is conducting an extensive international exposition but it is not attracting much attention. Japan should reorganize her press bureau.

Perhaps Cuba would do well to apply to some of the discharged and indicted postal officials for that little loan of \$35,000,000 she is seeking to negotiate.

American enterprise assisted the Conclave of Cardinals in their meeting. An American ice water tank was used to keep their apartments cool.

Who is so unimaginative as to blame President Roosevelt's discretion in mounting Bleinstein and galloping forty miles before breakfast when he heard Mother Jones and her army were coming?

A Nebraska farmer has secured an injunction to prevent a balloon from falling on his land. Nevertheless, if the gas in the balloon gives out over his farm we imagine his only escape will be to move the farm.

The attempt to injure Fourth Assistant Postmaster General Bristow in the eyes of the public deserves to fail. His only offenses have been the detection and arrest of "grafters" and the economizing of the postal service.

A short time ago bachelors were the butt of the world but fat men seem to have taken their place. Sweden and some other nations are proposing an extra tax for fat men and Chicago tailors have announced that fat men must pay more for their clothes.

A newspaper correspondent who has been investigating the negro problem in the South calls attention to the fact that the problem is being steadily transferred to the North. The negro population in Illinois, New York and New Jersey has doubled in the last ten years.

Unmistakable symptoms of modern civilization now appear in the conduct of the noble red man. Discarding the more strenuous arbitrament of the tomahawk for the settlement of domestic differences, he now lightly turns to the divorce court with all the nonchalance of an incompatible dame of the smart set.

The Buckeye Press Association will start for Frankfort, Mich., this (Friday) forenoon for a week's visit at that beautiful Summer resort, with headquarters at the Royal Frontenac hotel. This is the third time the Buckeyes have taken this trip and although many other trips might have been taken by this association, none seemed to be so alluring to the newspaper men and their families as Frankfort with its crystal waters and bracing breezes. The Ann Arbor railroad will carry the party by special train in charge of General Passenger Agent, Col. J. J. Kirby, who has won the hearts of the Buckeyes not only with the generous treatment of the editors, but with the beauty of scenery, the invigorating effect of the breezes from lakes Michigan and the beautiful crystal lake, which country is reached only by the Ann Arbor R.R. There are many people in Wood county who will endorse our statement that the cheapest and best outing any person can take for a few days or for the entire season is up in Michigan at Frankfort or at Beulah at the head of Crystal lake. This road will run an excursion to Memominee via Frankfort, on August 25, at the remarkably low rate of \$5. This is a trip that is within the limits of all and is one that cannot be excelled for its offer of beautiful forest, hills, lakes and bracing atmosphere.

Such accidents as that which occurred on Sunday as the result of a horse being scared by an automobile should lead to the regulation of the running of the snorting machines which are now permitted to be run along the public highways with little care for the damage that may result. A traction engine is a tame thing compared with a tourist car, but there are some regulations in regard to traction engines while the autos go snorting and puffing along the country roads as though nobody had any rights which the drying of an auto is bound to respect.

The Wood county commissioners and County Auditor Harding have been investigating the system of stone roads in Indiana and Illinois. Stone roads have attained a high degree of perfection in Illinois and it is the desire of Wood county officials to provide the best that can be had for Wood county. They demonstrate good judgment in so doing and Wood county people will reap the benefit of the knowledge gained by their investigation.

The prediction, made by some political economists, that the time would come when capitalists would quarrel over the ownership of the air, as they then quarreled over the ownership of the land, seems to be verified. The German wireless telegraph trust and the proprietors of the Marconi system are now quarreling over the right to use the atmosphere above the broad Atlantic.

While all the Perryburg teachers have shown commendable enterprise and hospitality in their efforts to properly entertain the visiting teachers, none have been more zealous than Prof. Haylor, to whose forethought and good judgment much credit is due for the success of the Perryburg part of the Institute.

Groyer Cleveland and Senator Hanna are to meet on the same platform to discuss the labor situation.

The Maumee Co-operative Glass company has given a mortgage to Edward Frohlich, of Detroit, covering the property of the company in Maumee. The consideration was \$30,000, of which \$15,000 is to be used to rebuild the plant, which was recently destroyed by fire. The fire put a large number of men out of employment and the news that the large plant is to be rebuilt will be welcome to Maumeeites.—Times.

Sudden Death of Harry Recker.

The many friends of Harry Recker were shocked to learn of his death which occurred at Toledo on Saturday. He was a son of J. C. Recker of LeMoyne, and had been in the employ of the Pennsylvania railroad in Toledo. He was taken sick with erysipelas only a few days prior to his death.

Mrs. Mollie Allen, of South Fork, Ky., says she has prevented attacks of cholera morbus by taking Chamberlain's Stomach and Liver Tablets when she felt an attack coming on. Such attacks are usually caused by indigestion and these Tablets are just what is needed to cleanse the stomach and ward off the approaching attack. Attacks of bilious colic may be prevented in the same way. For sale by Bowers & Comstock.

This week it is
PERFUMES.

Having purchased a large stock of the best odors at reduced price, we offer perfumes, which usually sell for \$1.00 to \$1.50, for

50c. to 75c. per ounce.

Bowers & Comstock

WHY WE GO TO FRANKFORT.

Written by "The Devil."

When Summer sun shines clear and bright
And moonbeams of the starry night
Toll me it's time to rest,
I then my outing garments take
And hie me off to Crystal lake,
Instead of going west.

When my physique is not quite right
And appetite is "out of sight"—
In short, when I'm all "out of whack"—
I close my desk and drop my work,
And business of all kinds I shirk,
And seek the Royal Frontenac.

It's way up north in Frankfort town,
A place that's gaining great renown,
For rest and recreation;
With waters pure and air so clear
Where doctor bills you need not fear—
There's health for all creation.

The above "gingle" is respectfully dedicated to the Buckeye's friend, Col. J. J. Kirby, with apologies to his nervous system, and the hope that his gun may not be loaded next time he meets me. This is my first offence, and I'm willing to be forgiven.

NOT OVER-WISE.

There is an old allegorical picture of a girl scared at a grass-hopper, but in act of heedlessly treading on a snake. This is paralleled by the man who spends a large sum of money building a cyclone cellar, but neglects to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against bowel complaints, whose victims outnumber those of the cyclone a hundred to one. This remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For sale by Bowers & Comstock.

ROLL OF TEACHERS.

Rilla Frazier, Toledo.
R. A. Wales, Bowling Green.
Harriet D. Covert, Jerry City.
Hettie E. Giles, Bowling Green.
W. E. Kershner, Prairie Depot.

My Hair

"I had a very severe sickness
that took off all my hair. I pur-
chased a bottle of Ayer's Hair
Vigor and it brought all my hair
back again."
W. D. Quinn, Marseilles, Ill.

One thing is certain,—
Ayer's Hair Vigor makes
the hair grow. This is
because it is a hair food.
It feeds the hair and the
hair grows, that's all there
is to it. It stops falling
of the hair, too, and al-
ways restores color to
gray hair.

\$1.00 a bottle. All druggists.

If your druggist cannot supply you,
send us one dollar and we will express
you a bottle. Be sure and give the name
of your nearest express office. Address,
J. C. AYER CO., Lowell, Mass.
